

39th Annual

ESRA

Congress

23-26 June 2021

THESSALONIKI
Greece

Dear Colleagues, ESRA Members, Friends and Partners,

Under the light of the on-going COVID - 19 pandemic and the challenging situation the world is still currently facing, we regret to inform you that the Board of the European Society of Regional Anaesthesia and Pain Therapy (ESRA) has decided **not to proceed with the 39th ESRA Annual Congress in presence (Concert Hall, Thessaloniki, Greece, 23th – 26th June 2021).**

As events are changing rapidly, ESRA team is constantly monitoring and regularly reviewing the global developments. Consequently, ESRA Board has decided to postpone its Annual Congress in presence to 2022 and to organize a Virtual Annual Congress on **the 9th and 10th September 2021. This is in close proximity to our European day scheduled on the 11th September 2021.**

More information about European day can be found here: <https://esraeurope.org/meeting/4th-european-day-regional-anaesthesia/>

We hope to see you at our next 4th e-ESRA online congress (free for ESRA members), on March 13th, 2021 in a fully dematerialized format. Program and Inscriptions on this link:

<https://esra.e-congres.com/en/event/overview/6>

We apologize for any inconvenience our decisions may pose, hoping that we can count on your commitment, understanding and flexibility during these challenging and critical moments. Also, please keep in mind that ESRA is making every effort to address your questions and concerns, and is readily available for any necessary support.

On behalf of ESRA Board, we wish you and your families to keep strong and stay safe,

Warm Regards,

Thomas Volk ESRA President

Alain Delbos President of the Scientific Committee

State of the Art Safety Standards in RA
THE EUROPEAN SOCIETY OF REGIONAL
ANAESTHESIA & PAIN THERAPY
